HOOVER MAY BE DARK HORSE

CONVENTION RECESSES TILL 4 O'CLOCK TO RECEIVE THE PLATFORM

STRENGTH OF LEADERS BEGINS TO WANE AND HOOVER LOOMS UP

By W. W. BOOTH, Editor of The Bonanza.
Special to The Bonanza.
COLISEUM, Chicago, June 10.—This republican convention is without a precedent regarding the program of nomination. You must compare today's opening as a big race with the favorite horses coming out of the paddock, with no 2 to 1 talkers with Wood, Johnson and Lowden as favorites. No pools are being sold. Today it looks with New York, Pennsylvania, Ohio and other big delegate states behind Wood, that he goes into the convention 300 strong. On the first ballot with this he cannot win. Johnson is second and Lowden third. After the third ballot, Hoover will appear as a dark horse and, if Wood is not nominated on the fourth ballot, Hoover will be the choice of the convention. Johnson and Lowden lost ground last night. Motel lobbies and streets are crowded to capacity. No one can tell the outcome and everybody is guessing. It is Wood or Hoover. Western delegations are now turning to Hoover as the dark horse and this morning it looks as if he will come under the wire first.

Came as a Sensation
This development came as a sensation soon after the subcommittee had begun what seemed likely to be a long and desperate struggle. It removed subcommittee members said, the obstacle which had been holding up the work of the convention and probably would permit final action by the convention on the platform at today's session.
While the plank accepted today was drafted originally by Root, it was said that some modifications had been made in pre-convention conferences of the leaders and in the meeting this morning. Mr. Root is a Europe.

NO PROPAGANDA FOR THE A. F. L.

(By Associated Press)
MONTREAL, June 10.—The American Federation of Labor in annual convention today rejected a proposal to create a permanent educational department to distribute propaganda urging support of the federation's policy of non-partisanship in politics.
After a bitter debate the federation adopted a resolution requiring the Brotherhood of Railway Clerks to eliminate the color line and give negroes full membership.

WINGFIELD ELECTED TO NATIONAL COMMITTEE

CHICAGO, June 10.—George Wingfield was elected national committee member for Nevada by the Nevada delegation to the national convention at a caucus held here Monday. Announcement of the action of the delegation was made immediately after the caucus.

PLACERING IN COPPER CANYON

After remaining dormant for a period of three years the old Copper Canyon placers have been revived and promise to add materially to the gold production of Nevada this year. Judge William Porman, who was chiefly instrumental in fighting the claimants through to the U. S. supreme court where he won a signal victory, has returned from Battle Mountain where he spent three weeks getting the reorganized company on its feet. The company is now known as the Homestake Consolidated Placers company, officered entirely by Nevada men. Seven men are employed in preliminary sinking test holes to bed rock preparatory to operating on a large scale. These holes have to be sunk to a depth of 50 feet. One hole that reached rock bottom returned \$25 a cubic yard from the underlying gravel. Nine other holes are going down. Although there is a shortage of water the company does not anticipate any trouble in securing all that is needed for hydraulic operations as contracts have been made with the owners of two deep shafts within a distance of 1000 feet for pumping.

PROFITEERING FIRM FINED \$35,000

(By Associated Press)
CHARLESTON, W. Va., June 10.—Session Sevenman company, a wholesale grocery concern today was fined \$35,000 upon conviction of profiteering in sugar.

DEMPSEY MADE WIFE A HARLOT TO GET MONEY

(By Associated Press)
SAN FRANCISCO, June 10.—Federal Judge Doelling ruled today that Mrs. Maxine Dempsey might testify as to non confidential relations in the trial of Jack Dempsey, world champion heavy weight. Yesterday he barred testimony regarding confidential marital relations. The prosecution today questioned Mrs. Dempsey regarding a visit with her husband to points throughout the United States. The defense entered objection claiming the questions were intended merely to defame Dempsey's character.
Mrs. Dempsey testified that she received a total of \$60 from her husband from July to November, 1917. They parted at Salt Lake, she said, and she went to Yakima. Later she returned to Salt Lake at his request and they came to San Francisco together. Here she practiced her calling of the underworld, and, on one occasion, she said Dempsey struck her in the jaw because she did not bring him enough money to satisfy him. Dempsey bought her no clothes, she testified, and she ran no accounts in his name. Mrs. Dempsey said at various times she was in the underworld of Pasco, Spokane and Yakima, Washington and Carlo, Ill.

TEN DAYS TO VETO A BILL

(By Associated Press)
WASHINGTON, June 10.—Attorney General Palmer made an informal ruling today which he communicated to President Wilson that the chief executive has ten days after the adjournment of congress in which to sign resolutions. This rule may change the status of a number of bills which the president killed by pocket veto (including the water power bill and the resolution repealing most of the war time legislation).

RAY PIERCY MARRIED IN VIRGINIA CITY

Raymond Piercy, auditor for the Tonopah Sewer and Drainage company and five of the largest Divide companies is the latest to fall under the spell of Dan Cupid. Rumors had been afloat for several days that an event was impending but confirmation could not be found before this morning when his sister, Mrs. John Delk, received a wire with first hand information. Mr. Piercy explained that accompanied by Ray McMullen of Tonopah, he had proceeded from the Masonic sessions in Reno to Virginia City where he was married to Miss Nell Holmstrom. The couple left at once for San Francisco to spend their honeymoon before turning home by Monday or Tuesday.

The announcement recalls the romance of the engagement which dates back to the time when the Tonopah Elks visited Elly where Miss Halvorsen was teaching school. The young people met for the first time and it was all over with the Tonopah boy. The bride's parents are old residents of Virginia City.

ST. PIERRE IS HERE

Walter St. Pierre, 1871, price cutters arrived this morning and immediately opened the 1920 sale by marking prices down 10 per cent.

ARRIVAL OF GIRL BABY

Mr. and Mrs. Neil Simon are receiving congratulations on the arrival of a girl baby in their home.

SOMETHING OLD FOR PLATFORM

(By Associated Press)
CHICAGO, June 10.—An elderly delegate from Pennsylvania laid before the resolutions committee of the national convention a large package which, he said, contained matter he desired looked into. When Chairman Watson opened the bundle, he found a bottle of real whiskey. Sen. Smart, a Utah testator, was designated a committee of one to consider the subject, but returned it immediately without recommendation. Action by the full committee was prevented by disappearance of the contents of the bottle before it reached that stage.

SOUTHERN MAN VICE PRESIDENT

(By Associated Press)
CHICAGO, June 10.—A mass meeting of Southern delegates staged in a hotel lobby with some 300 attendees was held in the interest of dominating recognition of the south as the republican national ticket. Va. and North Carolina both have presidential candidates in two old and speakers from the south states advised that they unite on one man and the southern delegation then all will join in supporting the man so named. A committee representing all southern delegations was appointed to canvass the situation and report to a second mass meeting tonight.

PIONEER MINES KEEPING BUSY

W. J. Tobin manager of the Mayflower and Reorganized Pioneer mines, is up from the Pioneer district looking for a compressor man and half a dozen good all round miners. Both properties are in excellent shape and are regarded as among the most attractive in the southern country with working conditions better than a majority of properties. Both mines are in an advanced stage of development as Manager Tobin is taking advantage of the depression in the market to make greater progress in his mines. The Pioneer is still in the oxidized zone with streaks of sulphides intruding in the shaft indicating that it is only a matter of time when the hole will drop into the second enrichment which will establish the permanency of the Pioneer district and bring back that old as one of the liveliest speculative centers in the state. The Mayflower is beginning to look very lively on the 300 level toward the Starlight vein which is only 400 feet from the present workings in which a change is coming in.

CIVIL WAR VETERAN GETS FINAL PAPERS

(By Associated Press)
SEATTLE, Wash., June 10. James Doyle, a Civil War veteran recently was granted citizenship papers in the United States district court here. For fifty-four years he had voted, and performed duties of a citizen although he was born in Ireland. He believed himself a citizen because of his service in the Union army and his father's naturalization.

WALL STREET MINE SUIT CLOSED IN GOLDFIELD

The testimony in the suit of M. B. Eaton vs. the Wall Street Mining company which has occupied the district court in Goldfield for two weeks closed last evening with the understanding that the arguments would be heard in Reno where the court will be sitting next week.

Foreign Powers Fail To Capture Committee Framing Peace Plank

(By Associated Press)
COLISEUM, Chicago, June 10.—While awaiting the report of the platform committee the republican national convention held a brief session this morning and then, much to the disappointment of the galleries, took a recess until four this afternoon. When the convention assembled the platform committee was voted in a straddle over the new peace plank and it looked as if much time might be lost.

There was considerable talk of plans to go ahead with the subjecting speeches while awaiting the platform report and there was objection to that and it was abandoned while the convention managers were debating what to do, word came from down town that the platform committee had agreed upon the report and a few minutes later Senator McCormick of Illinois, one of the subcommittee members, appeared on the speakers platform and announced that unanimous agreement had been reached by the subcommittee, which promised union of the party and victory in November.

Recess to Afternoon
McCormick presented a motion for a recess until four o'clock, but there was a roar of axes and noise from the delegates and the gallery and Chairman Lodge was compelled to call for a standing vote on which he

SCENIC ROUTE READY TO JUNK

(By Associated Press)
COLORADO SPRINGS, June 10.—Planned the whole over for the scenic wonders along its mountain route, the Cripple Creek Short Line for years drew tourists to the state, but now the last train has turned into the roundhouse and the road has ceased functioning. A portion of it may be opened July 1 to run tourist specials, however, if plans of the receiver materialize.
The last train in the regular service completed its run early in the evening of May 17. Permission to cancel service was granted by a United States district court and the only possibility of an order to resume tests with the utilities commission of the state. However, that body has shown no inclination in that direction, despite the fact that an action has been started to do away with the order from the federal court. If that is accomplished, it is said a similar order will be given by the utilities board.

TURKEY OFFERS \$100 A TON FOR U. S. COAL

(By Associated Press)
MOBILE, Ala., June 10. Consular agents are offering \$100 for Alabama coal. The Turkish capital is willing to pay that much for the best delivered from the Birmingham district but coal operators have been forced to reject all orders because they cannot guarantee deliveries.

PANAMA DEVELOPS SUGAR INDUSTRY

(By Associated Press)
NEW ORLEANS, June 10.—The first shipment of sugar from the republic of Panama to any other point in the world recently was received here June 8. Cane sugar was received from Panama for the first time since this was the first time Panama ever had a sufficient amount of sugar even for domestic use.

should the majority wanted to recess.
The league plank was adopted by unanimous vote of the subcommittee. The Root Resolution.
Omitting all endorsement of the pending league and covenant, the Root resolution provides for a new agreement with other nations, which

CANDIDATES ARE NON COMMITTAL

(By Associated Press)
CHICAGO, June 10.—Lowden, Wood, Butler and Harding headquarters refused to issue a statement on the league of nations plank. It was said that Governor Lowden might have something to say later in the day but General Wood's managers were inclined to think their candidate would remain silent for the present. Senator Crane withheld comment, but Odgen Mills of New York, who has worked with him said Crane was "perfectly satisfied."
"The proposal came from our side and was accepted just as it was received from Root," Mills said.
To this statement Senator Borah, leader of the irreconcilables, said his side had secured the omission of many provisions in another proposal submitted yesterday by Mills.

CRUELTY CUT OUT IN KOREA

(Correspondence Associated Press)
SEOUL, Korea, May 11.—Complaints that the police in Korea sometimes go to such extreme as to torture the Koreans to torture, have reached the governor-general of Korea and Director Akaike, of the police bureau has issued an order to the provisional governors to put a stop to it. The director announced that it was with great regret that he heard, now and then, a criticism that "even of late, policemen often fail to behave properly toward the people."
Referring to reports that the Koreans had been tortured, he told the governors that "it is said the people are apt to think the police and torture are inseparable, the idea of one being inevitably associated with that of the other." He pointed out that even if torture were practiced only in a few cases, it naturally discredited the whole system of the police.

HARDING TALKS ON BOLTERS THREATS

(By Associated Press)
CHICAGO, June 10.—Discussing the convention fight, Senator Harding declared that talks of bolters probably were authorized but that "certainly no minority should be permitted to control through threats."

GIRLS IN NIGHTIES ESCAPE FROM FIRE

RED WING, Minn., June 10.—One hundred and fifty young women students and commencement week visitors escaped in night attire when fire destroyed the Lutheran Ladies Auxiliary here early today with a loss estimated by school authorities at \$25,000.

shall include the removal for settlement of international disputes. It was prepared by Root before his departure for Europe, but has been modified considerably by the subcommittee.
Foreign Influence.
Senator Johnson declared today that in the contest over the platform sections on the league of nations, the "first assault of internationalism and international leadership of the political party had been met and defeated." It had been charged by the international group that the Crane plank had its birth in Wall Street. "There would be no second assault," he asserted with the object of dominating a candidate which he hoped would be met and defeated. He added that it reports on the platform decision reaching him were correct he would not. Johnson said the settlement was a "tremendous victory for Americanism and an overwhelming defeat for internationalism."

The subcommittee met this afternoon to complete the final draft of the platform which was expected to be ready for presentation to the convention at four o'clock.

SUGAR RATIONING BEGINS JUNE 21

(By Associated Press)
NEW YORK, June 10.—Rationing sugar as in war time will go into effect in hotels and restaurants throughout the country June 21, Arthur Riley, assistant attorney general announced today.

PRESIDENT W. H. TAFT EXPECTED FRIDAY

(By Associated Press)
CHICAGO, June 10.—Former President Taft will arrive here tomorrow and stop over a few hours. It was said he probably will not visit the convention or attempt to take any part in the political conference.

WHISKEY WORTH \$50,000 SEIZED AT FARM HOUSE

NEW YORK, June 10.—Federal prohibition enforcement agents operating out of New York today made their first real important raid since the supreme court declared null and void the law on a farm, sweeping down on a farm, near the hills near Port Jervis, N. Y., they seized whiskey valued at \$50,000 and arrested a former New York schoolkeeper.
